FOREWORD

For guide to easy reference, it is pointed out that the components of these weapons are arranged in Group order, numerical sequence of American Catalogue Numbers being followed in each grouping.

British Designation and Catalogue Numbers are merely shown to enable any necessary reconciliation with American Numbers to be made, and under no circumstances will be used.

"S.N.L. A.6" in addition to American Designations and Numbers will always be quoted on all Demands and other documents relating to these weapons.

The following shows the Group and appropriate page numbers :—
